Press Release

Govt. Degree College for Women, Sopore organized one day Seminar on “Biodiversity and Climate change” on 20th of March 2021, under the patronship of Principal Prof. F.R. Beg. The proceedings of the seminar were started by introductory talk delivered by seminar coordinator Dr. Showkat Subhan Mir, HOD Environmental Science. Welcome address to august gathering in which two resource person from University of Kashmir were also present was delivered by Dr. Amir Sadiq, head department of English. The worthy principal of the college presented key note address in which he discussed the importance of these programmes for the benefit of faculty in particular and student community in general.

In the first technical session of the programme the resource person, Dr. Irfan Rashid senior assistant professor in the department of geo-informatics, University of Kashmir delivered a detailed lecture on Climate change, its causes, consequences on environment and particularly on Biodiversity existing in the Biosphere. Students interacted with him at the end of his presentation in which various clarifications were given to the students as so many questions were raised by the audience.

In the second technical session Dr. Anzar Ahmad Khuroo, senior assistant professor department of Botany, University of Kashmir delivered his detailed power point presentation regarding Biodiversity concepts and concerns. The students in the audience enjoyed his talk as it was really informative, interesting and had great relevance to curriculum. Both the resource persons were highly appreciated by faculty as well as students for delivering lectures on Biodiversity and Climate Change with current information regarding its role in maintaining the ecological balance. Both the resource persons were presented with certificate of appreciation by worthy principal of the college. At last vote of thanks was delivered by Prof. Zubair Sayeed Masoodi, Head department of Computer Applications.
